

Leather Bias Binding Tape

Material: Synthetic leather

Width: 4mm/5mm/7mm/10mm/12mm/15mm/20mm/25mm/30mm

Suitable market: South America, Eastern Europe, Middle East

Leather bias binding tape is made of fine quality synthetic leather. After gluing, cutting and folding, it's not easy to peel. It's soft and durable, easy to match cotton, polyester, leather, canvas, and linen fabric.

It's perfect for trimming jackets, skirts, also is used for sewing, piping, binding, hemming and seaming on pillows, quilts, purses, chairs, garments, and sofas...
