

Heat-resistant Oven Mitts and Pot Holders

Material: Cotton, polyester, or T/C fabric with silicone dot, cotton padding, provide maximum heat protection, flexibility, and comfort.

Durable and Comfortable: Constructed with high-density fabric and fine sewing craftsmanship, durable, it will keep its original shape even after prolonged use, the inner layer is soft and comfortable to wear.

Anti-Slip Design: The mitts have anti-slip silicone dots for a better grip and avoid slipping when handling hot items. The surface of the pot holders also has anti-slip dots, ensuring stable placement of hot pots and pans.

Wide Usage: Suitable for both left and right hands, while the pot holders can be used on kitchen countertops, ovens, microwaves, etc., protecting your furniture from heat damage.

Easy to Clean: Machine washable, not easy to fade, long-lasting use.

Hang Loop Design: Built-in hanging loop easy to store and dry.

Heat-resistant oven mitts and pot holders set will bring you convenience and safety to your kitchen activities.
