

Imitation Tweed Fabric

Materials: Wool, polyester, rayon

Weight: 300-500GSM

Design: The size, pattern and color all can be customized.

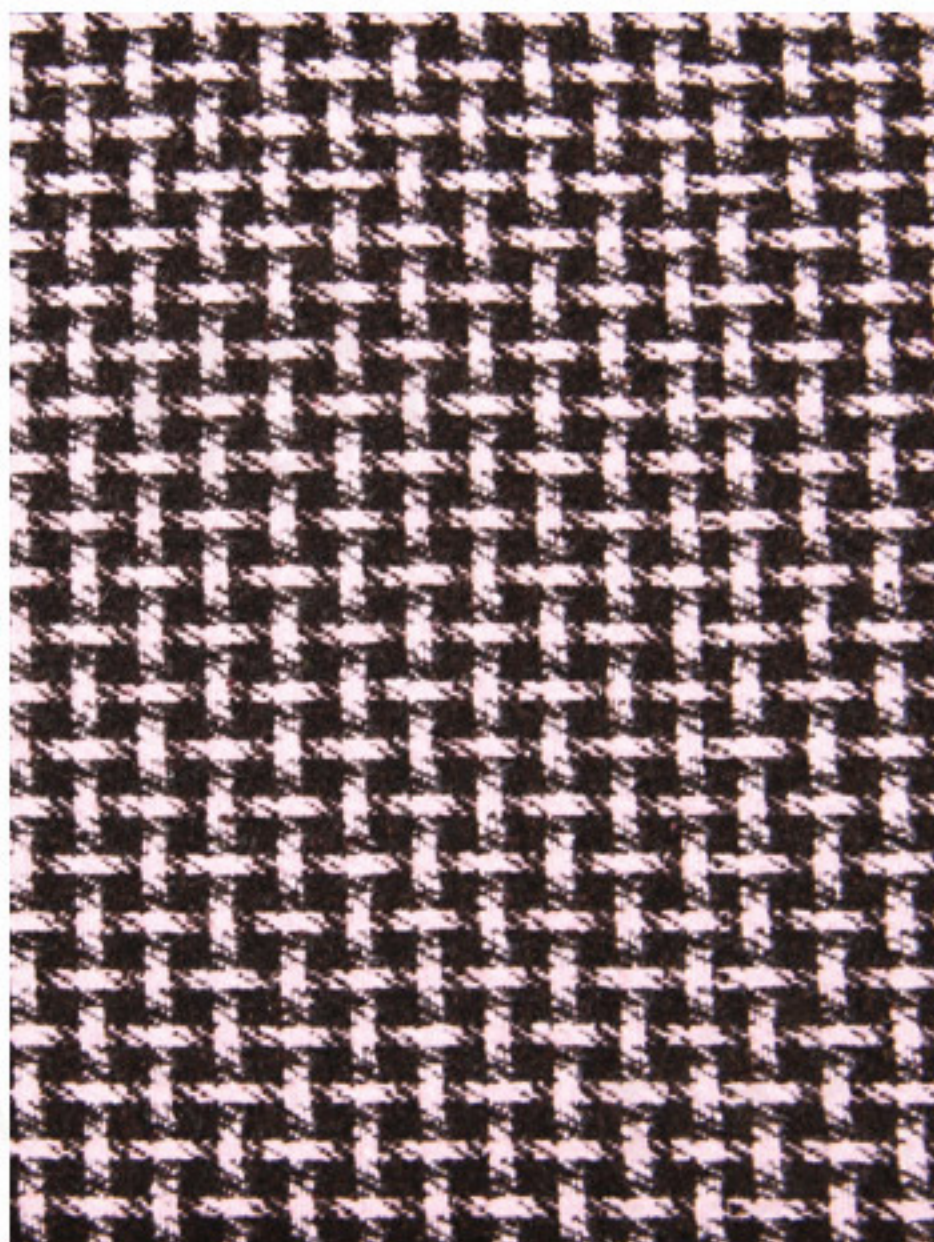

Pattern Style: Houndstooth, twill, herringbone, check, stripe...

It's yarn-dyed thick wool blend fabric, has strong structure and rough surface texture.

It's durable, soft and skin-friendly, anti-shrink, anti-pill, non-fading, not easy to deform, also has good drape and wrinkle resistance, comfortable to wear and keep warm, which is why this fabric became so popular in winter clothing and outerwear.

Suitable for garment, uniform, suit, coat, home textile, etc.

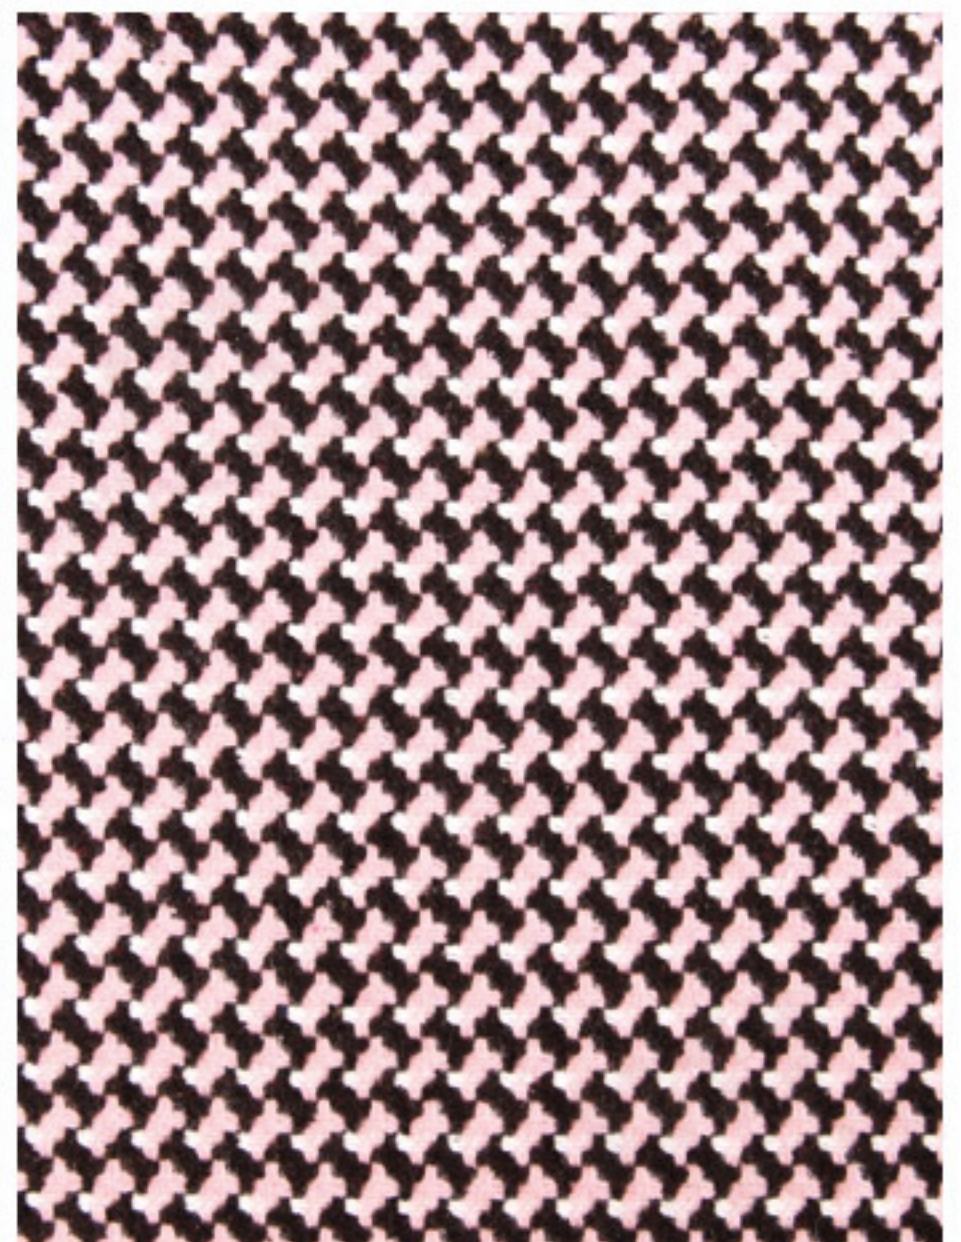

Hot sale in South America, Central America, Morocco and other markets.
