

PE Fishing Twine

Material: PE(Polyethylene)

Specification: 80D/3.6.9.12.....260PLY

Packaging: In bundle, tube, roll

PE fishing twine is made of PE, odorless and non-toxic, its handfeel like wax yarn, which has excellent low temperature resistance (Lowest temperature range: -100~-70°C), good chemical stability, resistant to acids and alkalis (Intolerant to acids with oxidizing properties). It's insoluble in common solvents at room temperature, non-hygroscopic, and has excellent electrical insulation.

Packaging and Suitable Market

Style	Specification	Package	Suitable Market
Package A	380D/30 PLY 380D/45 PLY	100M/Tube 200M/Tube	Yemen
Package B	380D/30 PLY 380D/39 PLY	0.9-1.2kg/Bundle (12 Skein)	Nigeria, Ghana, Côte d'Ivoire, Mozambique, Mauritania, Congo
Package C	4mm, 5mm, 6mm	100Y/roll 100m/roll	Global market

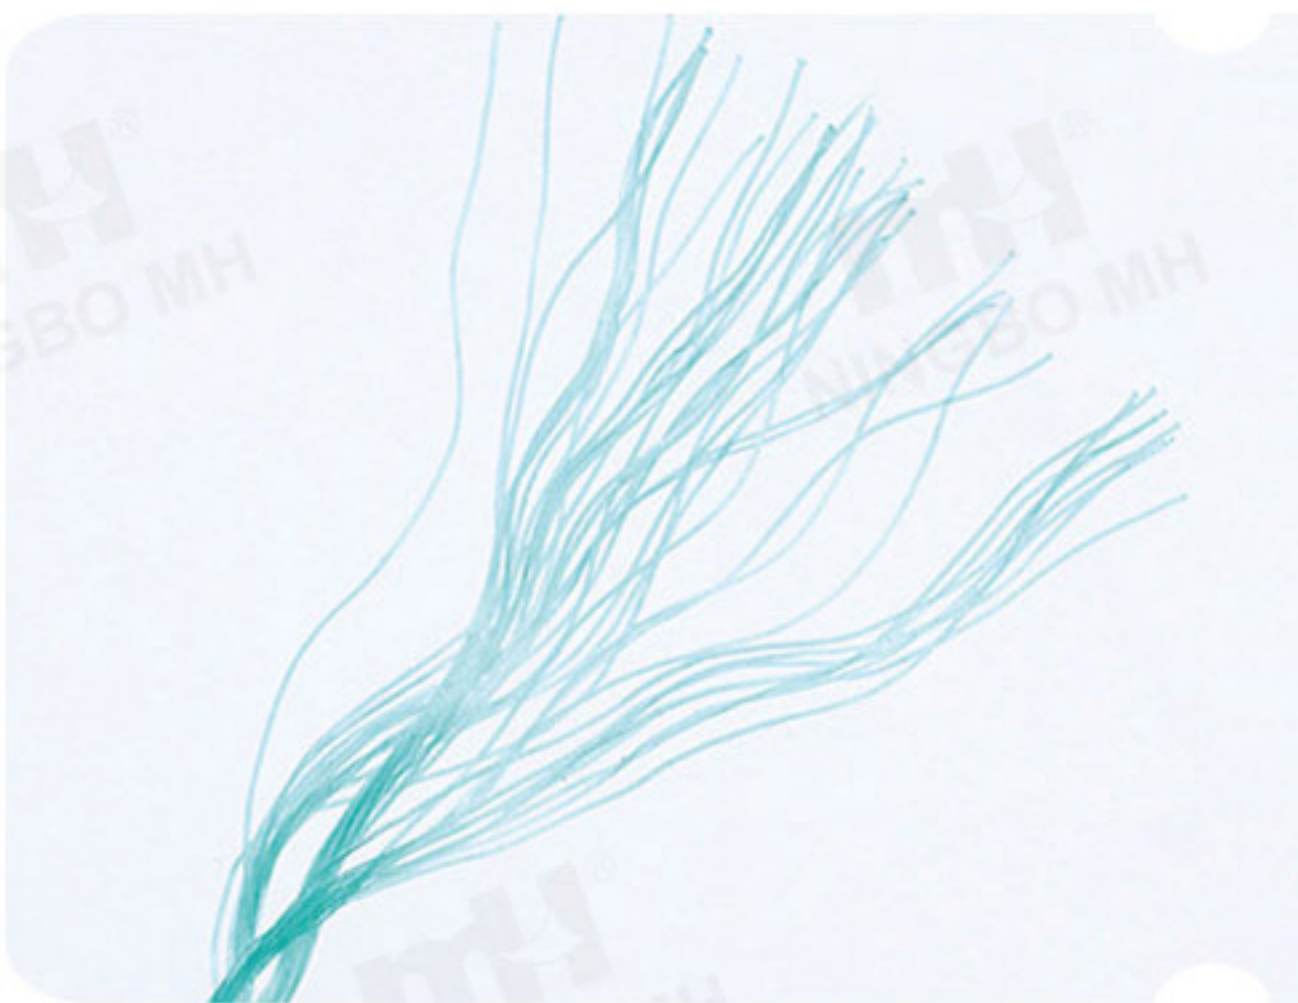

FEATURE

- Made of new PE raw materials, high strength, abrasion resistance, and corrosion resistance.

- Safe and eco-friendly dyeing, bright color, the color can be customized

- Made from multi-ply PE monofilament retwisted, strong and durable, has high tenacity, not easy to break.

- Excellent twisting process, clear texture, fine and smooth surface, uniform thickness, stable strength, easy to weave tie with excellent tensile strength, not easy to break.

● Designed for Fishermen

High
