

# PP Webbing for Waist Belt

Material: PP + latex, or PP

Type: Elastic, or non-elastic

Width: 3.5CM/3.8CM

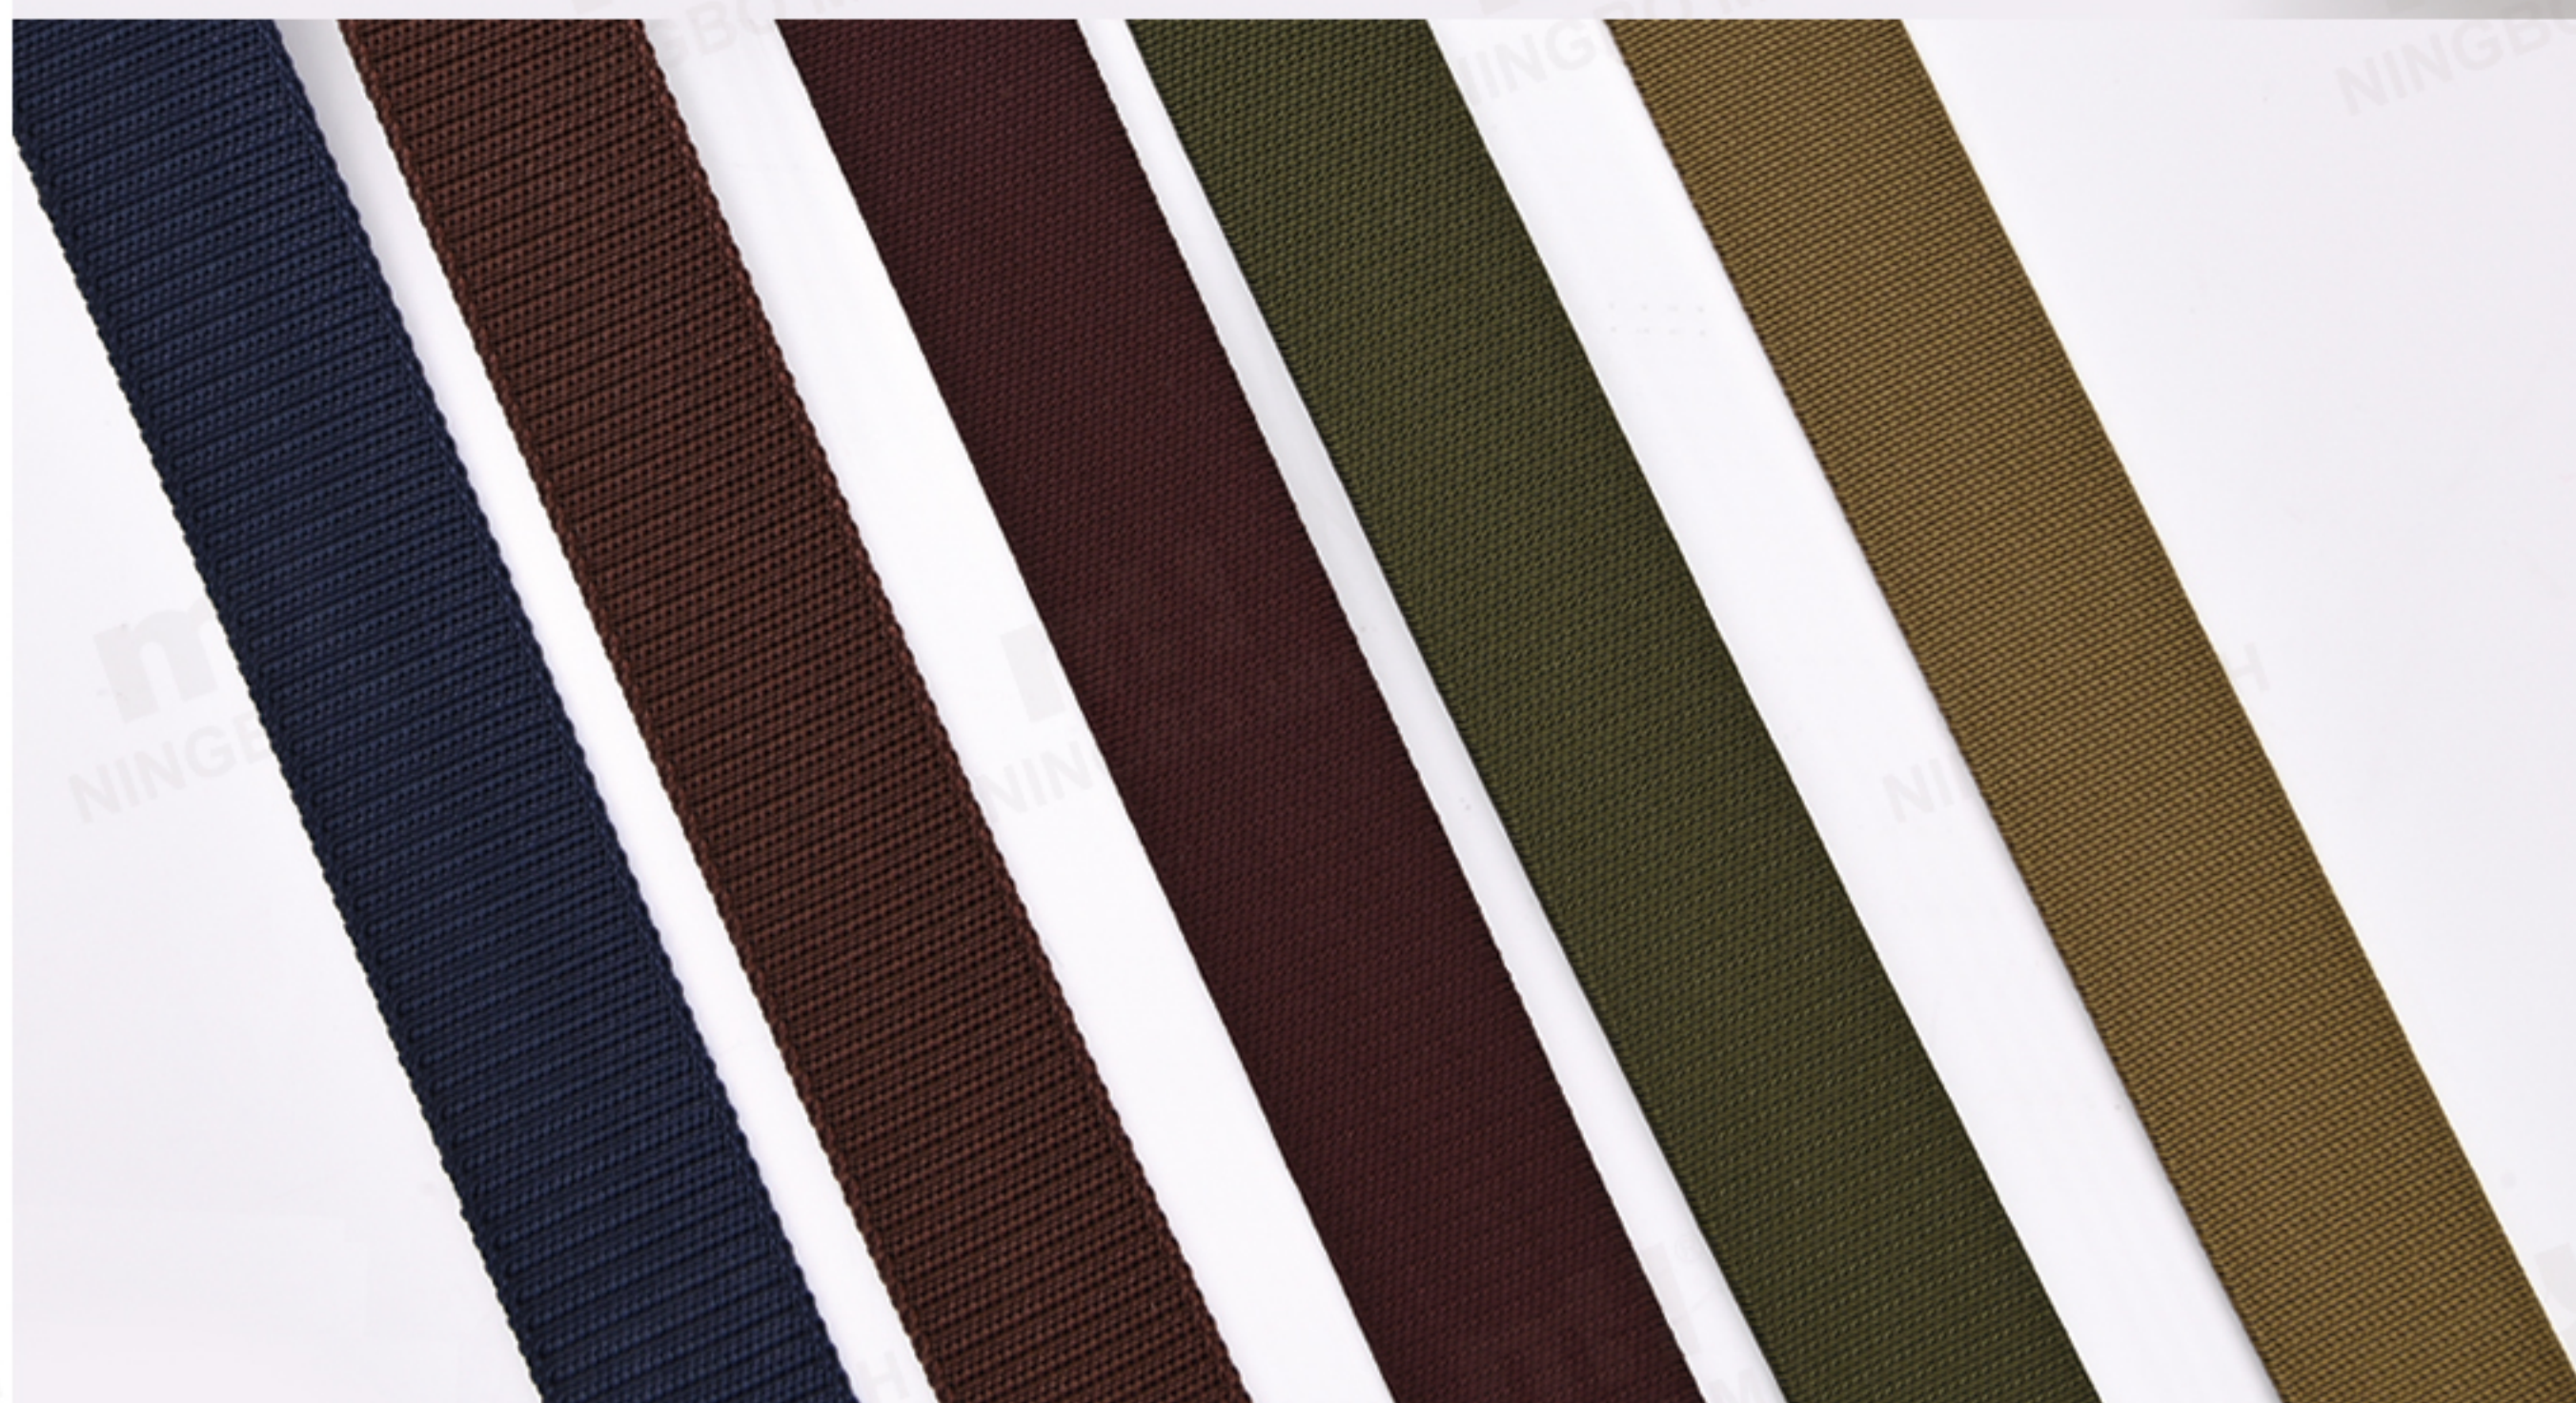

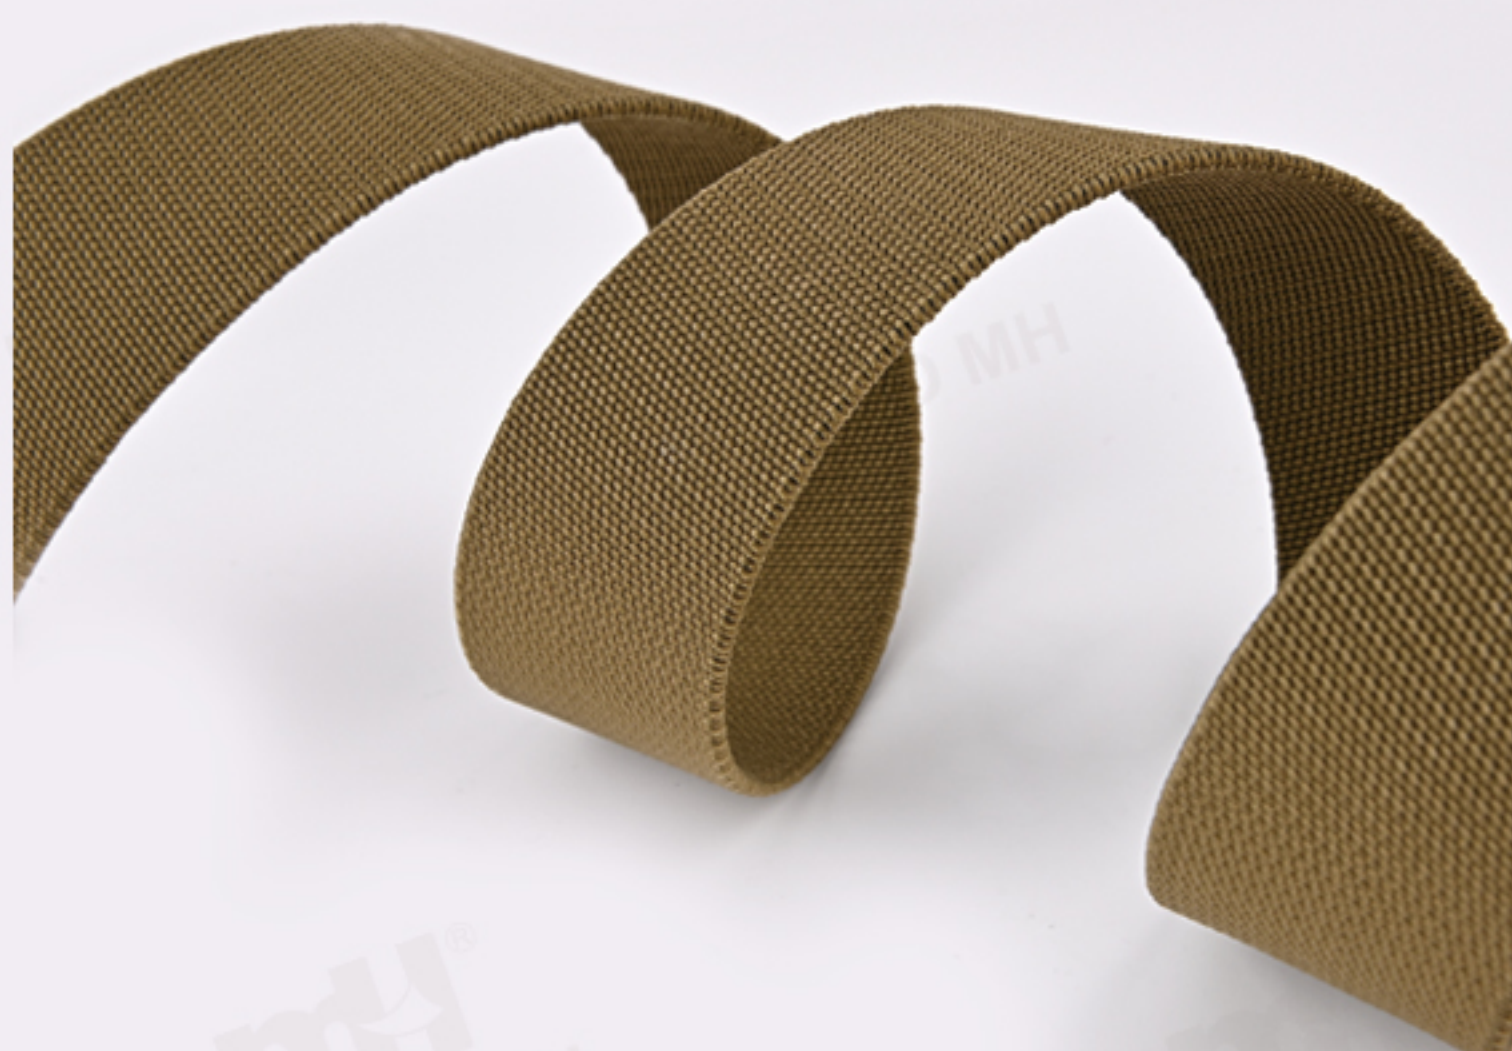

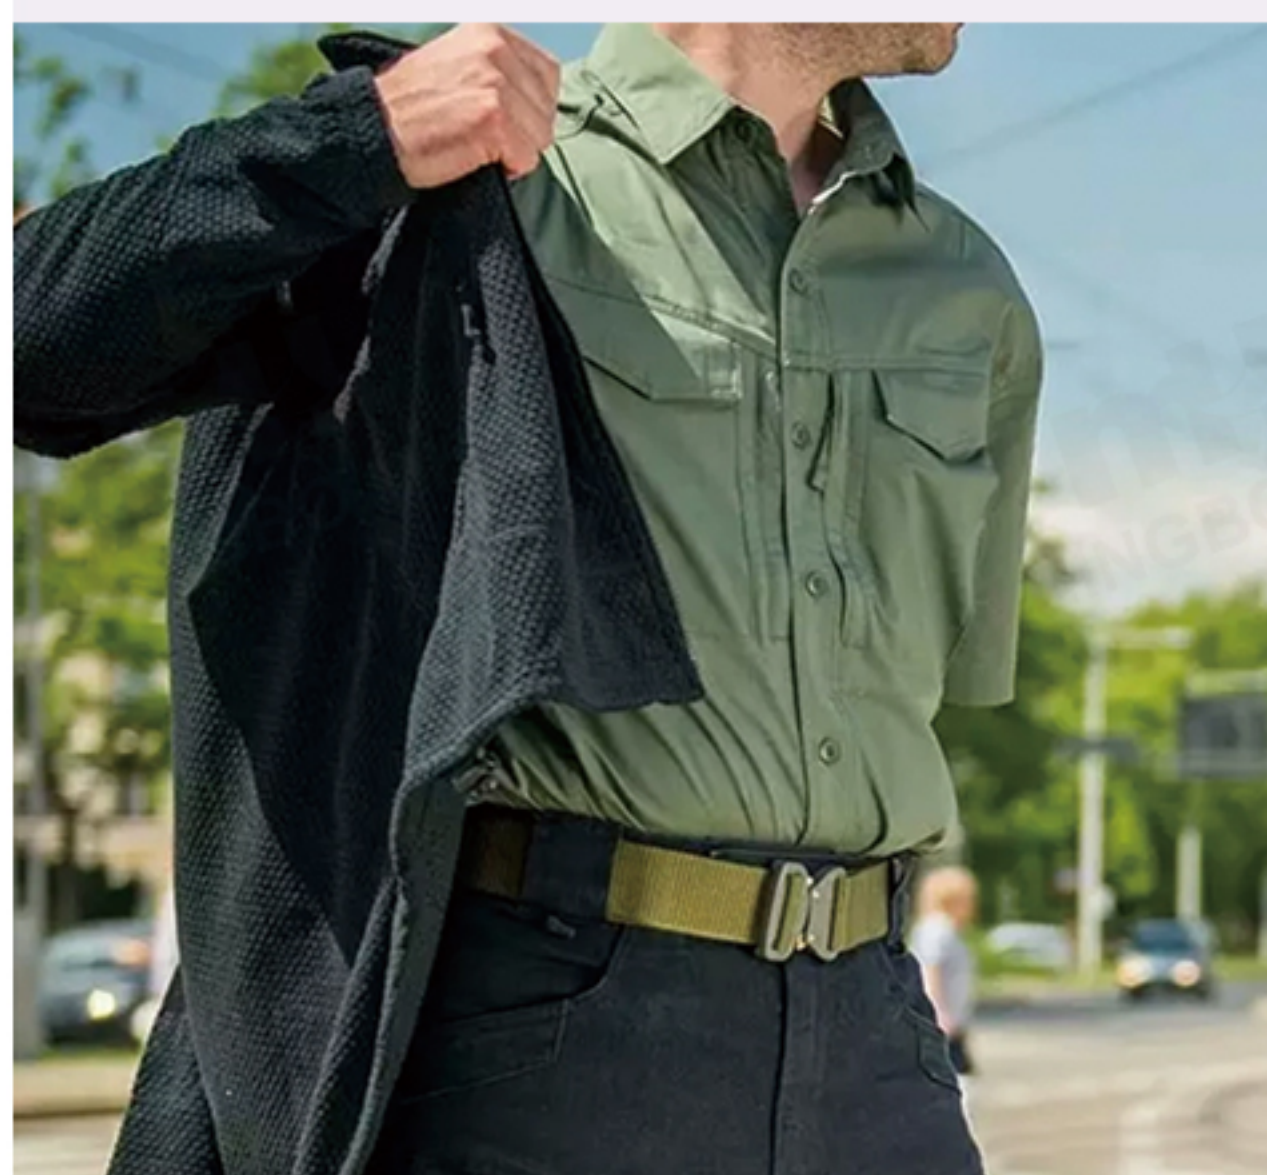

The elastic PP webbing is made of 100% new PP raw material and imported latex yarn, It's breathable and comfortable, and has high elasticity, which fits the waist better.

The non-elastic PP webbing is made of 100% new PP raw material, has stiff texture and breathable.

Feature: Eco-friendly, stable and reliable quality, high strength, light weight, and good color fastness.

Usage: For waist belt, security belt, outdoor product, etc.

Suitable for African and South American markets.
